REINFORCED CENTER HUB

ERGONOMIC DESIGN

Innovation made Demand Products—seeing and doing what others did not.

When we opened our doors in 1983, we offered fasteners, a small selection of hand tools and 10+ years of knowledge gained working in the field. Today we carry more than 1000 products. Our experience working side by side with architects and contractors kept us focused on quality throughout the entire process.

Quality tools are vital to the success of every project. They are the foundation of the building process. Only the best tools yield the best results. That's why we take the time to ensure every item offered by Demand Products is of the highest quality.

You rely on our experience and knowledge to guide you to the right products for your job. For this reason, we make sure everyone at Demand Products meets those same high quality standards. Just as our tools always outperform the competition, you'll find the same holds true with our team. Everyone goes the extra mile to deliver quality results.

Call today and let us help you find the high quality products you need for your next job.

HOW TO ORDER

Orders can be placed through your local distributor or directly with Demand Products. Call 800-325-7540 for assistance locating a distributor in your area. Our operating hours are from 8:00am to 5:00pm (EST), Monday through Friday. Orders can be placed online, emailed to sales@demandproducts.com or faxed to 888-534-8383, 24 hours a day. *All prices are in US dollars and are subject to change without notice.*

*Note 1: Masonry must be pre-drilled 1/2" deeper than fastener penetration.
 *Note 2: Hardness of masonry varies and the standard drill bit may not always drill the adequate hole. Consult Demand Products for assistance in proper drill bit diameter.
 Please Note: The pullout values listed are the ultimate averages achieved under laboratory conditions. An appropriate safety margin factor should be applied to these values to achieve a design value.

2-PART HAND-APPLIED HARD SHELL COATINGS

LIQUID ROCK™

2-Part Epoxy

Liquid Rock is a 2-part epoxy based coating that can be applied on interior surfaces. It has extraordinary flow characteristics. It leaves a hard glossy smooth shell finish. It works well on props and backdrops when a hard finish is preferred. It can be brushed or rolled. Average working time is 20-25 minutes. 1 gallon covers approximately 320 sq. feet at 5 mil thickness. Dries off-white and can be painted.
